

Planting suggestions after *Phytophthora* infection

The list below details plants from which we have not isolated *Phytophthora* through our advisory service

Bulbous perennials

Notes

Bellevalia pycnantha

Blue flowers. Height 30CM. Spread 5CM. Fully hardy. Rock gardens or sunny borders.

Bellevalia romana

White flowers. Height 30CM. Spread 5CM. Fully hardy. Rock gardens or sunny borders.

Coniferous trees

Notes

Metasequoia glyptostroboides

Height 40M. Spread 5M. Fully hardy. Tall and fast growing specimen tree.

Sequoia sempervirens

Height 112M. Spread 9M. Fully hardy. Very tall and fast growing specimen tree.

Sequoiadendron giganteum

Height 80M. Spread 10M. Fully hardy. Very tall and fast growing tree.

Deciduous climbers

Notes

Akebia quinata

Purple flowers. Height 10M. Fully hardy. Grow against a wall or train into a tree.

Akebia trifoliata

Purple flowers. Height 10M. Fully hardy. Grow against a wall or train into a tree

Aristolochia macrophylla

Green flowers. Height 10M. Frost hardy. Useful for screening.

Deciduous shrubs

Notes

Calycanthus floridus

Red flowers. Height 2.5M. Spread 3M. Fully hardy. Shrub borders.

Calycanthus occidentalis

Red flowers. Height 3M. Spread 4M. Fully hardy. Shrub borders.

Chimonanthus praecox

Yellow flowers. Height 4M. Spread 3M. Fully hardy. Shrub borders.

Clethra alnifolia

White flowers. Height 2.5M. Spread 2.5M. Fully hardy. Woodland gardens.

Deciduous shrubs/small trees

Notes

<i>Asimina triloba</i>	Height 6M. Spread 6M. Fully hardy. Shrub border or woodland clearing.
<i>Halesia carolina</i>	White flowers. Height 8M. Spread 10M. Fully hardy. Shrub borders or woodland gardens.
<i>Halesia monticola</i>	White flowers. Height 12M. Spread 8M. Fully hardy. Shrub borders or woodland gardens.
<i>Pterostyrax hispida</i>	White flowers. Height 15M. Spread 12M. Fully hardy. Shrubs or specimen trees in a woodland garden.
<i>Stachyurus chinensis</i>	Yellow flowers. Height 2M. Spread 4M. Fully hardy. Shrub borders or woodland gardens.
<i>Stachyurus praecox</i>	Yellow flowers. Height 4M. Spread 3M. Fully hardy. Shrub borders or woodland gardens.
<i>Staphylea colchia</i>	White flowers. Height 3.5M. Spread 3.5M. Fully hardy. Shrub borders or woodland gardens.
<i>Staphylea pinnata</i>	White flowers. Height 5M. Spread 5M. Fully hardy. Shrub borders or woodland gardens.
<i>Styrax hemsleyanus</i>	White flowers. Height 8M. Spread 5M. Fully hardy. Woodland garden.
<i>Styrax obassia</i>	White flowers. Height 12M. Spread 7M. Fully hardy. Woodland gardens.
<i>Tamarix parviflora</i>	Pink flowers. Height 5M. Spread 6M. Fully hardy. Shrub borders or hedging.
<i>Tamarix tetrandra</i>	Pink flowers. Height 3M. Spread 3M. Fully hardy. Shrub borders or hedging.

Deciduous trees

Notes

<i>Ailanthus altissima</i>	Green flowers. Height 25M. Spread 15M. Fully hardy. Specimen tree.
<i>Cercidiphyllum japonicum</i>	Height 20M. Spread 15M. Fully hardy. Specimen tree.
<i>Cercidiphyllum magnificum</i>	Height 10M. Spread 8M. Fully hardy. Specimen tree.
<i>Ginkgo biloba</i>	Yellow flowers. Height 30M. Spread 8M. Fully hardy. Specimen tree.

Evergreen climbers

Notes

<i>Holboellia coriacea</i>	Purple/white flowers. Height 7M. Frost hardy. Grown over arch or trellis. Train against walls or grow through small trees.
----------------------------	--

<i>Holboellia latifolia</i>	Purple/white flowers. Height 5M. Frost hardy. Grown over arch or trellis. Train against walls or grow through small trees.
<i>Passiflora caerulea</i>	White flowers. Height 10M. Frost hardy. Grown over fences or trellis. Train against walls or grow through shrubs.
<i>Passiflora incarnata</i>	White flowers. Height 2M. Fully hardy. Grown over fences or trellis. Train against walls or grow through shrubs.

Evergreen shrubs/small trees

Notes

<i>Laurelia sempervirens</i>	Green flowers. Height 15M. Spread 10M. Fully hardy. Shrub border or woodland garden.
<i>Pittosporum dallii</i>	Yellow/green/white flowers. Height 6M. Spread 4M. Frost hardy. Borders or hedging.
<i>Pittosporum tenuifolium</i>	Black/red flowers. Height 10M. Spread 5M. Frost hardy. Borders or hedging.
<i>Trochodendron aralioides</i>	Height 10M. Spread 8M. Frost hardy. Grow in a woodland garden.

Ferns

Notes

<i>Adiantum aleuticum</i>	Height 75CM. Spread 75CM. Fully hardy. Woodland or shady borders.
<i>Adiantum pedatum</i>	Height 40CM. Spread 40CM. Fully hardy. Woodland or shady borders.
<i>Adiantum venustum</i>	Height 15CM. Spread indefinite. Fully hardy. Woodland or shady borders.
<i>Cheilanthes lanosa</i>	Height 30CM. Spread 40CM. Fully hardy. Grow in rock gardens, stone walls or containers.
<i>Cheilanthes tomentosa</i>	Height 30CM. Spread 40CM. Fully hardy. Grow in rock gardens, stone walls or containers.

Perennials

Notes

<i>Acanthus mollis</i>	White flowers. Height 1.5M. Spread 90CM. Fully hardy. Spacious borders.
<i>Acanthus spinosus</i>	White flowers. Height 1.5M. Spread 90CM. Fully hardy. Spacious borders.
<i>Aristolochia clematitis</i>	Yellow/brown flowers. Height 90CM. Spread 60CM. Fully hardy. Useful for screening.
<i>Asarum europaeum</i>	Green/brown flowers. Height 8CM. Spread 30CM. Fully hardy. Ground cover or among shrubs.
<i>Asarum hartwegii</i>	Green/brown flowers. Height 8CM. Spread 30CM. Fully hardy. Ground cover or among shrubs.

<i>Asclepias incarnata</i>	Pink/purple flowers. Height 1.2M. Spread 60CM. Fully hardy. Shrub borders or wildflower gardens.
<i>Asclepias tuberosa</i>	Orange/red flowers. Height 90CM. Spread 30CM. Fully hardy. Shrub borders or wildflower gardens
<i>Asphodeline liburnica</i>	Yellow flowers. Height 100CM. Spread 30CM. Fully hardy. Shrub borders.
<i>Asphodeline lutea</i>	Yellow flowers. Height 1.5M. Spread 30CM. Fully hardy. Shrub borders.
<i>Asphodelus aestivus</i>	White/pink flowers. Height 100CM. Spread 30CM. Fully hardy. Sunny borders or wildflower gardens.
<i>Asphodelus albus</i>	White flowers. Height 90CM. Spread 30CM. Fully hardy. Sunny borders or wildflower gardens.
<i>Aspidistra elatior</i>	Cream flowers. Height 60CM. Spread 60CM. Frost hardy. Used for ground cover.
<i>Aspidistra lurida</i>	Purple/red flowers. Height 20CM. Spread 20CM. Frost hardy. Used for ground cover.
<i>Bulbinella hookeri</i>	Yellow flowers. Height 60CM. Spread 30CM. Frost hardy. Rock gardens.
<i>Bulbinella rossii</i>	Yellow flowers. Height 1.2M. Spread 45CM. Frost hardy. Rock gardens.
<i>Carex elata</i> 'Aurea'	Height 70CM. Spread 45CM. Fully hardy. Sedges which can be used almost anywhere in the garden.
<i>Carex flagellifera</i>	Height 1.1M. Spread 90CM. Fully hardy. Sedges which can be used almost anywhere in the garden.
<i>Centranthus ruber</i>	White, pale pink or crimson flowers. Height 1M. Spread 1M. Fully hardy. Borders or to spread over walls. Particularly attractive to bees and other insects.
<i>Gunnera magellanica</i>	Green flowers. Height 15CM. Spread 30CM. Frost hardy. Architectural specimens for the edge of ponds or rock gardens.
<i>Oxalis adenophylla</i>	Pink/purple flowers. Height 10CM. Spread 15CM. Fully hardy. Rock gardens or raised beds.
<i>Oxalis</i> 'Ione Hecker'	Blue-violet flowers. Height 8CM. Spread 10CM. Fully hardy. Rock gardens or raised beds.
<i>Phormium tenax</i>	Red flowers. Height 2M. Spread 2M. Frost hardy. Borders or lawn edges.
<i>Roscoea cautleoides</i>	Yellow/white/purple flowers. Height 55CM. Spread 15CM. Fully hardy. Moist shady borders or woodland gardens.

Roscoea purpurea

Purple flowers. Height 55CM. Spread 15CM. Fully hardy. Peat bed, woodland garden or damp, shady border.

Trillium erectum

Red/purple flowers. Height 50CM. Spread 30CM. Fully hardy. Moist shady borders or woodland gardens.

Trillium grandiflorum

White flowers. Height 40CM. Spread 30CM. Fully hardy. Moist shady borders or woodland gardens.

Tropaeolum polyphyllum

Yellow/orange flowers. Height 8CM. Spread 1M (trailing). Frost hardy. Raised beds, rock gardens.

Tropaeolum speciosum

Red flowers. Height 3M (climbing), Frost hardy. Grow over a fence, trellis or pergola.
